ANNUAL LIST OF WORKS 2004  
"WARSAW AUTUMN" IAMIC CONCERT 2004

**INTRODUCTION TO THE IAMIC ANNUAL LIST OF WORKS 2004**

As a result of joined efforts you have before you the catalogue for chamber ensemble (with electronics) composed between 1993 and 2003.

Each country, member of the IAMIC, who contributed to the catalogue, is presented in the previously established pattern: a page of the score, bibliographical details, motivation, programme note, biography and photo of the composer. The entries are arranged in alphabetical order according to the country of the Music Information Centre.

Thanks to the Program Committee of the Warsaw Autumn Festival, held at the same time as this year's IAMIC Conference in Warsaw, four or five compositions from this catalogue will be performed at the festival by the Kwartludium Ensemble.

Our great gratitude goes to all those who contributed to the Catalogue: the Polish MIC for organising an IAMIC Concert during the Warsaw Autumn, the Austrian MIC for placing the Catalogue on the IAMIC Internet Site <http://www.iamic.net/>, to the Catalogue Group members (Els van Swol and Fons Willemsen) and to the staff of Croatian MIC who put the catalogue together.
